

Supply List for Machine Quilting Feathers and Lines on Caroline

Sewing machine with all machine quilting feet and basic sewing and machine quilting supplies, i.e. extension table for your sewing machine (if you have one), Machingers (if you use them)

Removable marking pencil or pen to mark on fabric—bring one that you can see on your fabric

One fabric sandwich (backing, batting and a top fabric) 30" X 30" that is nice fabric (silk is fabulous for this) and is solid or reads as a solid. When selecting fabric please realize that this fabric will really show, so think nice fabric. Please do NOT bring a busy print for this. This fabric sandwich is for your finished project. Please do NOT secure these together with pins or spray basting.

Safety pins size #1 for securing quilt sandwich together

One fabric sandwich that is approximately 21" X 27" that also either reads as a solid or is a solid. We will be using this to practice and learn before you stitch on your project. So you will need the same thin thread listed below for this. Again, please do NOT bring busy fabric for this. Please bring this piece either pinned or spray basted together.

Thread:

You will need a very fine thread for this pattern to be successful in a solid color that matches or blends nicely with your fabric. Bottom Line (which is 60 weight) or silk #100 (very thin). I prefer YLI silk #100 weight as it is very thin and has a nice sheen, but Bottom Line is a cheaper alternative. If you get them in the same color (they do not need to be the same exact color, but blend nicely, you can use Bottom Line in the bobbin and silk in the top. I prefer silk in the top and bottom, as it lays so nicely on the fabric.

60/8 Microtex sharp needle

Rotary Cutting Matt (a small one is fine but bring whatever size you have), Rotary Cutter and a rotary cutting ruler that is 24" long (any width you have)

Compass

Helix Technical Precision Plus Drawing Set. This can be found at any big box office supply stores. Office Max carries it.

OR

Utrecht Geometry Compass Set-this is item #83005 on [www. utrecht.com](http://www.utrecht.com) and sells for about \$21.99 on sale

Ruler for drawing that is not a rotary cutting ruler (if you have one)

Blue painter's tape (available at Target, Home Depot or Lowe's)

A stack of unlined paper (computer paper is fine), and pens or mechanical pencils that write well

Extra light for your sewing machine so you can see your wonderful quilting!
